BACKGROUND

100% Black Ownership and Dedicated Management is the backbone of our firm. Our aim is to address the need for more Black South Africans and Companies to play an active role in the economy, and more specifically in the Logistics Management industries, so that together we can all play a role in the economic and social renaissance of South Africa and its SADC counterparts. Our officials have successfully managed various projects in the Transport, Supply-chain Management, Customs, Commodities Trading, Small Business Development, and Business Marketing arenas.

**“100% black ownership,
100% dedicated management”**

Efficiency in Motion.

OUR OPERATIONS TEAM

Prem Naidoo (General Manager)

With over 20 years of experience in the freight and logistics management industry, Prem is well placed to head up our business and take care of our business strategy and business growth. Proficient in contract negotiation, contract management and business analysis, Prem seeks new opportunities for our business and will be your initial key account manager.

Blessing Musakwa (Operations: Line Haul)

Blessing has more than 10 years' experience in Transport management and has the relevant experience and qualifications in freight handling, long distance and cross border freight management. Blessing is also proficient in fleet control, and export & import logistics management.

Blessing is our go-to-guy for all things freight related.

Kenney Ledwaba (Customs Compliance Clerk)

Kenney's Career in Shipping commenced in 2005, he started his career with Bidvest Panalpina Logistics (then known as Safcor Panalpina) as a Brand Advocate, where he developed an understanding of movement and procedure of imported goods and Customs processes in terms of import duties and tax.

In 2008 Kenney enrolled for a SA Customs Clearing Course through Skill Development Specialists (based in Durban). Kenney passed both the latter and the subsequent Advanced Course with distinctions.

Kenney's Customs experience and knowledge, makes him an invaluable contributor to our firm and an asset to the Industry at large.

OUR KEY SERVICES

Road Freight

We specialise in urgent collection and delivery services within South Africa and Botswana, Mozambique, Zambia, Zimbabwe, DRC, Angola and Namibia. We transport all goods regardless of size and are well positioned to guarantee a day and time for deliveries plus provide predetermined times for regular collections and deliveries.

Our Fleet

All collections and deliveries are fulfilled using our own fleet.

Fleet List:

- 1 ton vans
- 4 ton trucks
- 8 ton trucks
- Tri-axles (13.5 M Flat –deck trailers)
- Super links (18M Flat deck trailers)
- Super links (18M Curtin side trailers)

Tracking

The security of your goods is essential to us and therefore we ensure that your goods are handled safely and secure at all times. All goods transported by us are tracked via our online tracking and tracing system leaving you our valued client with peace of mind at all times.

Customs Clearing

Our focus in this area is to provide for a convenient, reliable and efficient multimodal Clearing and Forwarding of Import and Export for cargo to our clients in South Africa and in the rest of the world. We also render Import and Export Services on Air freight, Sea freight & Road freight. We want to be amongst the top customs and clearing agencies in Africa and to efficiently manage a multiple number of service points with a greater emphasis placed on services delivered through the port of Durban.

Import & Export Customs Clearing

We are fully accredited Clearing Agent in accordance with Section 64E of the Customs and Excise Act No91 of 1964, this is also referred to as a SARS preferred trader. All goods entering into or departing from South Africa require customs clearing. We are able to provide a swift customs clearing service at competitive rates. With our online system we are linked via EDI (Electronic Data Interchange) to Customs. Our focus in this area is to provide for a convenient, reliable and efficient multimodal Clearing and Forwarding of Import and Export for cargo to our clients in South Africa and in the rest of the world.

Inbound Process

Upon receipt of shipment details and/or documentation, we telephonically and electronically track cargo in order to establish estimated time of arrival and current shipment status. Once established, these details are verified with the relative Port and Carrier authorities in order to ensure the accuracy of details.

Upon receipt of required customs clearance documentation, customs clearance is processed and delivery to client is arranged accordingly. Simultaneously, the client is forwarded regular shipment updates, until they have confirmed receipt of cargo to their satisfaction and outstanding equipment is returned to the respective parties.

Thereafter, the shipment is immediately invoiced. A copy of the invoice, accompanied by a copy of the customs clearance documents, is mailed to the client. The original invoice and original customs clearance documentation is then couriered as arranged with the client.

Warehousing

Through our associate we have warehousing solutions that will provide value for your business whether on a dedicated basis or shared basis.

We offer the following warehousing combinations close to OR Tambo International Airport and Durban Port for Bonded and Free Store Bond:

- Ambient
- Bagged Raw Materials
- Finished Goods

We provide supply chain, warehousing and logistics management solutions. If your company has a need for warehouse space, distribution services or increased seasonal storage we have the solution for you.

Warehouse Services Include:

- Long Term and Short-Term Warehousing
- Receiving of goods (emptying of containers, unloading trucks, putting away into racking)
- Warehousing of goods
- Dedicated space
- Unpacking and packing of goods for dispatch to your customers
- Real-time inventory updating for optimal supply chain visibility
- Provide daily inventory levels.
- Provide weekly manual checking of stock levels (stock reconciliation)

The bonded warehouse handles import cargo for clients who are not yet ready to pay Custom Duties and Value Added Tax. The bonded warehouse can easily handle electronics, raw materials and finished goods.

Our Bonded Warehouse undertakes the loading and offloading of containers of all sizes and types.

Premises are secured with perimeter walls and fences, 24/7 CCTV and security guards
